in Santa Margherita Ligure and Portofino, we have available boats for hire (you drive) or rental with a skipper for day trips to wonderful outings around Golfo del Tigullio (places such as Santa Margherita, Portofino, San Fruttuoso, Camogli, Sestri Levante) or to Cinque Terre National Park, a worldwide environmental heritage, with its awesome landscapes.

You will experience unforgettable moments, relaxing under the sun or bathing and plunging in our crystal clear sea.

You will also have the chance to do some snorkeling which will allow you to observe underwater attractions.
